PROFESSIONAL SUMMARY

Data Analyst with Power BI dashboard expertise and credit risk domain knowledge from YES Bank. MBA in Business Analytics with hands-on experience in SQL, Python (EDA), and Tableau. Currently completing a structured Data Analytics program — building end-to-end pipelines and business reporting workflows. Seeking a Business Analyst or Data Analyst role where data-driven insights drive measurable business outcomes.

CORE SKILLS

Data Visualisation: Power BI (DAX, Dashboards), Tableau, MS Excel

Database & Querying: SQL (Intermediate)

Programming: Python — Pandas, NumPy, Seaborn (EDA, Basic ML)

Business Tools: Salesforce CRM, BAAN ERP, MIS Reporting

Excel: Pivot Tables, VLOOKUP, Conditional Formatting

WORK EXPERIENCE

Assistant Credit Risk Manager - YES Bank | Apr 2023 – Sep 2023 | Ambattur, Chennai

- Reviewed 20–25 retail and SME loan applications daily in Salesforce CRM, delivering approve/reject decisions with 100% compliance with RBI and internal credit risk guidelines.
- Maintained credit policy documentation and communicated updates to the team via structured emails, ensuring zero compliance lapses during policy transitions.
- Prepared weekly MOM and monthly portfolio summaries — covering approval rates, rejection counts, and key trends — for department head and senior management review.
- Built and maintained MIS dashboards tracking case volumes, approval/rejection trends, and common rejection reasons to support data-backed credit policy reviews.
- Coordinated with operations and compliance teams to ensure accurate data entry, timely credit report submissions, and consistent workflow across 3 reporting pipelines.

PROJECTS

Blinkit Sales & Performance Analysis — Python | [blinkit-analysis](#) - Self-Initiated

- Analysed 8,523 sales records to surface KPIs — total revenue, average sales, item count, and customer ratings — segmented by outlet type and product category.

India General Election 2024 Dashboard — Power BI | [election-dashboard-2024](#) - Self-Initiated

- Visualised all 543 Lok Sabha constituency results — winner margins, party-wise vote share, and regional swing — cutting manual lookup time by ~60% via drill-through filters.
- Applied geographic mapping and state-level drill-through to enable independent regional trend analysis.

Meta Ad Performance Dashboard — Power BI | [meta-ads-dashboard](#) - Self-Initiated

- Tracked Facebook and Instagram ad performance across demographics, ad types, and time periods to support budget allocation decisions.
- Engineered DAX measures for 4 core KPIs — CTR, ROAS, CPC, and engagement rate.

EDUCATION

MBA — Business Analytics & Operations
2021 – 2023

Gnanam School of Business | GPA: 7.8 / 10

B.E. — Computer Science & Engineering
2017 – 2021

SRM TRP Engineering College | GPA: 7.7 / 10

TRAINING & PROFESSIONAL DEVELOPMENT

Master of Data Analytics Program — FITA Academy, Trichy
Jan 2026 – Present

- Curriculum covers: Power BI, Advanced SQL, Tableau, Python for Data Analytics (Pandas, NumPy, Seaborn), and Machine Learning fundamentals.
- Gained hands-on experience building end-to-end data pipelines, exploratory data analysis, and business reporting workflows.

Note: 2023–2025 dedicated to competitive exam preparation; returned to analytics sector Jan 2026 with structured upskilling.
